

Director, Field Operations Group

Scott Braum, Esq.

Scott L. Braum & Associates, Ltd (SLB&A) | Mr. Braum began with *FFLGuard* upon its inception in 2008, and his firm currently serves as *FFLGuard*'s Director of Field Operations for all *FFLGuard* clients. He originally founded SLB&A after serving as a partner at a large, "downtown" law firm where he did not feel that there was any spirit of partnership with the people who mattered most – the clients. To rectify this, Mr. Braum started his own practice from the ground up while maintaining the highest ethical and legal standards. It was this exact thinking that made participating in *FFLGuard* a natural fit.

Like their strategic allies at *FFLGuard*, SLB&A combines knowledge and skills from both their professional and personal lives to develop practical solutions to their clients' problems, no matter how large or small. They provide that same expertise to the *FFLGuard* program.

Mr. Braum has built a broad-based, nationwide trial and appellate practice with an emphasis on complex commercial and business litigation, firearms law and regulation, real estate law, construction law, insurance law, employment law, consumer law, and equitable/extraordinary remedies. Based in Dayton, Ohio, Braum works exclusively with the Group on all FFL Procurement & Preservation Issues that could jeopardize and/or compromise a Federal Firearms Licensee's going forward business efforts.

An alumnus of the Wright State University, Dayton, OH, Mr. Braum received his Bachelor of Arts Degree in Psychology. Following his graduation from Wright State, he received his Juris Doctor degree from DePaul University College of Law, Chicago, Illinois.
